# Global Sourcing, Logistics, and Expertise at Your Fingertips

**Offering more than just importing, we are a complete project management solution guiding you through the entire process.**

- Buying Power
- Custom Design Services
- Hands-on, Experienced Oversight
- Logistics Management

These ALL lead the way to satisfied customers and delivered orders that meet all government standards for drinkware. We have containers leaving China on a daily basis and can combine your order with our blankware orders to speed up the process and ensure on-time delivery.

From our off-shore factories to you, hundreds of people are committed to getting it right each and every time you place a custom order with us.

**CUSTOM DECORATED IN CHINA AND DELIVERED DIRECT TO YOUR CUSTOMER**

14 oz.

- The ceramic construction provides a sturdy structure for a long lasting appeal.
- Keep the flower pot right at your desk—this personalized coffee mug conveniently doubles as a planter to spruce up your workspace.
- Features a wide rim and large handle for a comfortable grip.

Due to the individual craftsmanship of these mugs, variances do occur in the color portions of the glaze and may result in dissimilarities in ceramics.

Please refer to page 118 for pricing and details relating to the informational icons above.

\*\*Product is inserted in Mailer/Gift Box. Master packing fees will apply. Each additional screened color \$3.20(c). Screen Charge \$60.00(g), Reorder Charge \$18.75(g), per color. No Deep Etch or Laser Etch Set up Charge. Second location etch \$3.00(g) per glass.

## Insulation Explanation

### Air Insulation

Air between inner and outer walls.

**HOT: 2 hours**  
**COLD: 4 hours**

### Vacuum Insulation

No air between inner and outer walls.

**HOT: 5 hours**  
**COLD: 15 hours**

### Copper Vacuum Insulation

No air in between inner and outer walls. Copper plated inner wall.

**HOT: 8 hours**  
**COLD: 24 hours**

## Safe Pack Protective Boxes

To ensure safer delivery for bulk pack shipments via non LTL (less than full truckload) carriers or individual package carriers, a "Safe Pack Protective" Box will be used.

**Safe Pack Protective boxes are \$9.50(g)**

## INFORMATIONAL ICON PRICING INFORMATION

**Jet-Directt™ Sidewall Imprint:**  
An additional \$1.80(c) per piece.  
Set up charge \$90.00(g).  
Reorder charge \$50.00(g).

**Custom Frosty Glow®:**  
Add an additional \$1.75(c) to the imprinted price of the piece.

**Deep Etch Imprint:**  
Refer to "One Location Etch" pricing on item pages. There is no Deep Etch Set Up Charge. Add an additional \$3.00(g) for glass items or \$4.00(g) for ceramic items per additional etched locations.

**Jet-Directt™ Bottom Imprint:**  
An additional \$1.50(c) per piece.  
Set up charge \$55.00(g).  
Reorder charge \$15.00(g).

**Full Body Custom Glow®:**  
Add an additional \$1.75(c) to the imprinted price of the piece.

**Laser Etch Imprint:**  
Refer to "One Location Etch" pricing on item pages. There is no Laser Etch Set Up Charge. Add an additional \$3.00(g) for metal items per additional etched locations.

**Jet-Directt™ Lid Imprint:**  
An additional \$1.50(c) per piece.  
Set up charge \$55.00(g).  
Reorder charge \$15.00(g).

**Bottom Spray Custom Glow®:**  
Add an additional \$1.50(c) to the imprinted price of the piece.

**Opaque Matte Custom Glow®:**  
Add an additional \$1.75(c) to the imprinted price of the piece.

# GENERAL INFORMATION

**1. Acknowledgments:** Acknowledgments are sent via email. It will be sent following receipt of your complete order and art instructions, with the express purpose of communicating both receipt of your order and information regarding interpretation of instructions, prices, shipping and design. The ship date will be established when the order is completely clarified. This information must be reviewed carefully so that any misunderstanding can be resolved prior to production. Your order will be produced as acknowledged. We reserve the right to correct an obvious clerical error.

**2. Artwork:** To assure prompt processing of your order, submitted artwork must have complete and specific instructions as to layout, size, typestyle and placement. To ensure accuracy, all electronic art should be followed up with a "hard copy" of the art with the purchase order. Our policy is to size all artwork to the artists' discretion for our products, unless otherwise specified. Listed imprint areas are subject to change. If the artwork is not provided in a vector format, extra art charges on a time required basis at a rate of \$50.00(g) per hour may be incurred. You will be advised in advance of extra artwork charges, and an approval will be required prior to processing the order. We reserve the right to determine what is camera-ready artwork. Typestyle requests will be matched as close as possible with our existing typestyles. Typesetting up to four lines will be provided at no additional charge. Please include your company name and purchase order number in the email. The following formats are recommended for your art files: Adobe Illustrator (AI), PDF, or EPS. Other acceptable formats include Photoshop (PSD), TIF, JPG and BMP. Vector Formats are preferred, but raster formats are acceptable with a recommended minimum resolution of 350 DPI to size. Please ensure that no fonts will be required to open and print your artwork correctly by converting all text to outlines or paths. Fonts must be included with your artwork if there are text editing requirements. Acetates, film positives, screens and other preparatory materials produced by us remain the exclusive property of our company.

Additional Art Tips:

- Due to the shape or taper of some products the artwork will be altered in appearance from artwork submitted.
- Some of our handled glassware has seams opposite the handle and may affect a wraparound imprint, contingent upon layout of art.
- All halftones will be screen printed at 40-53 LPI.

**3. Artwork - Handled Items:** Screen imprinting begins and ends 1" from the handle on both sides. When ordering handled items, please refer to the area that you want the design placed as either: Side One, Side Two, Two Sided, Wrap, or Opposite Handle. All orders for handled items will be imprinted on Side One only, unless otherwise specified.

**4. Camera Ready Artwork/Screen Charges:**

Direct Screen Imprint: \$60.00(g) per color.

Please note: Some items require additional screen charges for an additional imprint on a second side. For example: #687 flower pot mug, square shaped items, and other ceramic mugs noted in catalog.

Reorder Screen Charge: Placed within two years \$18.75(g), per color.

Jet-Direct™ \$90.00(g) sidewall, \$55.00(g) bottom and lids.

**5. Color Changes:** Should you require part of the order to be imprinted in a different ceramic color within a production run using the same screen, there is a color change charge of \$25.00(g). Minimum 144 pieces for special pricing per color change. There is no extra charge for using the same one color imprint, screen and imprint color on different colored mugs of the same style. Full packing quantities are required for each color change (imprint or item).

**6. Color Matches:** Exact PMS color matches are not available. PMS colors are paper colors and will be used as a reference only. We will match your requested PMS reference as closely as possible. A pre-production proof is highly recommended when imprint colors are critical.

**7. Complaints or Disputes:** Complaints or disputes must be made within 30 days after the receipt of a shipment, unless a freight carrier is involved. If a freight carrier is involved, refer to paragraph #17. We reserve the right to inspect items from the actual production run before processing any complaints or disputes. At no time will any credit or credits exceed the invoice amount of a given order.

**8. Co-op Orders:** Special pricing is available for co-op programs. Co-op orders must be within the established minimum order quantities of 144 pieces per copy change. Each co-op release or split shipment after the first incurs an \$8.00(g) release or split shipping charge. Details with regard to warehousing, drop shipping, additional color imprints, and additional packaging must have prior written factory approval. We require proper documentation for the co-op program.

**9. Copy Changes:** Add \$30.00(g) per change of copy. The copy change must be in one color only and is limited to 4 lines of type. Copy changes must be at least 72 pieces for regular catalog items and 144 pieces on promotional items. Less than minimum charges will apply to copy changes not meeting the aforementioned minimum quantities (see paragraph #22). For example: 1,000 pc. orders which includes one or more copy changes will not receive full quantity price. Changes to the logo incur new screen charges.

**10. Creative Work:** Creative work, and multiple renditions of one design, or creating logos and all preparatory work developed and furnished by the producer shall remain our exclusive property, except upon compensation. Creative artwork produced will incur extra art charges of \$50.00(g) per hour.

**11. Custom Orders:** Special orders of custom molds or non-catalog items are subject to an overrun or underrun of 10%.

**12. Distributor Samples:** Upon request, overruns will be sent at cost of item plus freight. Distributor samples are sent only to street addresses, no P.O. Boxes, please.

**13. Drop, Split and Release Shipments:** There is an \$8.00(g) charge for each drop, split, or release shipment after the first shipment.

**14. Enclosures:** Simple enclosures can normally be inserted at no additional charge. The enclosure must conveniently fit and be capable of being dropped into the item or packaging with minimal effort. We reserve the right to determine which enclosures are at no charge and which enclosures incur a charge.

**15. Etching/Laser Etching:** There is NO Deep Etch or Laser Etch Set Up Charge for all items shown with Deep Etch or Laser Etch pricing. Pricing for second locations/copy changes/personalizations are \$3.00(g) for glass and metal substrates and \$4.00(g) for ceramics. Items which combine deep etching or laser etching with an additional decoration method (Screen/Jet-Direct™) will be charged the etched price with add-on pricing for the additional decoration method(s).

**16. Freight Charges:** Shipments are sent FOB shipping point, freight prepaid unless otherwise requested. To ensure safer delivery for bulk pack shipments via non LTL carriers or individual package carriers, a safe pack protective carton will be used at a charge of \$9.50(g) per carton for Safe Pack Protective Boxes. If a master carton is necessary to provide consolidation and protection, there is a charge of \$7.70(g) per carton. Freight charges on all such shipments include a \$5.00(g) fee for the additional handling and labeling required. We reserve the right to ship any order by the method we determine as the most efficient manner. Please note that if "BEST WAY" is indicated on the purchase order, this leaves the shipping method to our discretion. "BEST WAY" does not mean cheapest. It means the best method to get your order to you on time and intact. If you desire an economical method, please indicate a specific carrier for your particular order. Choosing your own carrier will hold us harmless from any breakage or freight claims. If you require air freight, we recommend obtaining a quote for your order before sending your purchase order. Freight estimates given by the factory are not guaranteed and are subject to change without notice as rates can fluctuate. Additionally, freight estimates will vary contingent

# GENERAL INFORMATION

upon any over or underruns. We reserves the right to submit additional freight billing(s) from carriers within 45 days after the original invoice is sent, due to delayed invoicing from the carriers as a result of interlining between carriers and international shipments or where miscellaneous charges are incurred for brokerage fees, freight surcharges, inside delivery charges, etc. and are tendered by the carrier after the first invoice. We reserve the right to add \$18.75(g) service and handling charge for all third party shipments. Small package carrier shipments may incur additional charges of \$12.50(g) for each residential air delivery. Remote locations may incur additional delivery charges of \$12.50(g) per carton in addition to the normal delivery charges. Any variations in the provided ship to address from the actual delivery address may incur additional charges up to \$12.50(g) per carton. Be as specific and complete (provide accurate suite numbers) as possible with shipping addresses to avoid additional charges. Parcel Post shipments will incur a \$30.00(g) handling fee. Shipping via Parcel Post will increase the post production shipping process by two business days. We will not be responsible for lost or damaged goods shipped via Parcel Post.

**17. Freight Claims, Breakage and Shortages:** Title to the goods passes to the buyer at the F.O.B. point or upon mailing of the invoices for finished work, whichever occurs first. We do not insure on-time delivery or safe carriage of goods. Individual package carriers claims should be reported to us within 15 days from receipt of the shipment. You must retain possession of the goods relating to the claim, as all carriers reserve the right of inspection. Please ensure that you sign for the correct carton count. The minimum order to replace breakage is 36 pieces. Choosing your own carrier will hold us harmless from any breakage or freight claims. All goods shipped via common carrier are shipped at the buyers risk and all claims must be made against the carrier. Recourse rests exclusively with the transportation company. Claims must be filed with the carrier within 15 days from receipt of the shipment. Parcel post shipments cannot be tracked and must be insured to file a breakage claim. Deductions from your invoice for breakage or shortage are not authorized.

**18. GA Equalization Program:** All shipments are FOB factory, Aliquippa, PA. Freight savings are available from Dallas, Janesville, Orlando, and Las Vegas. Freight charges for orders shipped to the 48 Contiguous United States will be pro-rated as if shipped from these points. THIS ONLY APPLIES TO NORMAL PRODUCTION ORDERS (WITH NORMAL PRODUCTION TIME, NOT RUSH ORDERS), AT CATALOG QUANTITIES (RANDOM AND SPECULATIVE SAMPLES EXCLUDED), SHIPPING VIA UPS GROUND ONLY. This service is not available for multiple drop shipments or shipping on a 3rd party account. International and Air shipments or LTL/common carrier shipments, or any other ground service are excluded. CLOSEOUTS AND DISCONTINUED ITEMS/SALES ARE NOT ELIGIBLE FOR FREIGHT EQUALIZATION.

**19. Hold For Release Orders:** Orders may be produced and held for shipment at a later date. The entire order will be produced and invoiced upon receipt of a purchase order. The distributor owned merchandise will be held in the factory warehouse until releases are requested. The full order must be released within 6 months. All customer's property stored at producer's facility is stored at the customer's risk. Producer is not liable for any loss or damage caused thereto. Each release shipment will incur an \$8.00(g) charge. Allow one week for the release. A full release schedule submitted with the initial order will not suffice.

**20. Individual Mailings:** Add the cost of the mailer to the current item price, plus \$2.00(g) per individual item. (Normal freight charges per mailing also apply.) Please supply typed pressure sensitive labels, including zip codes arranged in numerical sequence plus a master list. Each label must have our return address. Please provide an email with the list in an Excel or .csv document. We will provide computer typed labels at no additional charge, if we have a well arranged, complete Excel document list to work from.

**21. Inside Delivery:** If you require an inside delivery, you must specify inside delivery and the suite/room number on the purchase order. Any delivery beyond a loading dock may be considered an inside delivery. Deliveries beyond the buyers loading dock are subject to additional charges and will only be done at the customer's risk. Inside delivery will incur additional delivery charges. If an inside delivery is requested at the time the carrier arrives, please note you will receive an additional subsequent invoice for this service in addition to your original invoice.

**22. Less Than Minimum (LTM):** A \$60.00(g) per color LTM charge will be incurred in addition to normal screen charges for all orders less than first column quantity. Minimum order with the LTM charge is 36 pieces.

**23. Order Cancellation:** Charges incurred prior to cancellation of an order will be invoiced. Minimum charge of \$40.00(g).

**24. Over/Underrun Policy:** Due to the difficulty of manufacturing exact requirements without sacrificing quality, all shipments are subject to 5% over or under the quantity ordered and must be considered fulfillment of the order. Exact quantity shipments are available for an additional charge of \$25.00(g). Nonstock orders are subject to an overrun or underrun of up to 10%.

**25. Palletizing:** On all shipments requiring the use of a common carrier, we will shrink wrap, strap and palletize the cartons at no extra charge. We reserve the right to charge for palletizing if your order uses a special configuration that requires more pallets than we would normally use. If you request a third party billing for freight, please add a \$15.00(g) per skid charge. We reserve the right to add \$18.75(g) service and handling charge per order.

**26. Personalizations:** Etched and lasered personalizations are available on glass, ceramic, and steel drinkware items. \$3.00(g) additional for glass and metal items and \$4.00(g) additional for ceramic items.

**27. Prices:** Prices are based upon material and labor costs as of the date of the catalog printing, and are subject to change without notice at any time. Due to the current uncertainty of the tariff climate, prices are subject to change without notice. Please refer to our website for the most current, up-to-date pricing.

**28. Proofs:** When requested, virtual proofs are available at no charge. One complimentary change to the art is provided at no charge however; any changes or revisions thereafter will incur charges of \$25.00(g) per proof. The proof approval form sent with the proof must be signed and returned before production of your order begins. Please note: Virtual proofs are intended to be an approximate representation of the final product. Imprint color and substrate color will vary. Placement and size of the imprint on the virtual is approximate and intended to help demonstrate the overall look of the finished piece and is not intended to be an exact representation. If color, size and placement are critical to your order, please request a speculative product sample - see paragraph #35. We reserve the right to render a proof for any order. Our policy is to issue a speculative product sample for your approval prior to production for all orders of 500 pieces or larger or orders with complicated artwork. Delays and changes to proof approvals will require a change in your scheduled ship dates. See paragraph #35 for spec charges.

**29. Quality of Glass, Ceramics, Stainless Steel, and Acrylic:** Hand washing is recommended for all of our products to promote the durability of the imprints and to promote the life of the drinking vessel. Using a home dishwasher or commercial dishwasher (in restaurants, schools, etc.) is discouraged; the harsh detergents, extremely hot water, and high heat will shorten the life and damage the decorations and the integrity of vessel composition. Slight variations and tiny imperfections in glassware and ceramics are not considered flaws. There are almost always slight differences in diameter, height, and other dimensions in glassware and ceramics. Listed ounces and weights will vary. Fluid capacities are approximate and should not be used as a standard of measure. All fluid capacities are figured to overflow capacity. Our capacity specifications allow for a tolerance of plus or minus 5%.

Due to the individual craftsmanship of the hand dipped and lined duo-toned mugs collection; variances do occur in the color portions of the glaze. Variations in materials, firing temperatures, and glazes may result in dissimilarities in glassware and ceramics. These conditions are within acceptable industry standards.

# GENERAL INFORMATION

**30. Registration Tolerance:** When it becomes necessary to register one color or more next to another, there is the possibility of misregistration amounting to approximately 1/16", depending on the size and shape of the ware being decorated. This tolerance meets industry standards, and is considered acceptable.

**31. Reorders:** Exact reorders placed within two years of the previous order will incur a \$18.75(g) Reorder Charge, per color. Reorders placed after two years will incur normal screen charges of \$60.00(g), per color. Due to the variances in production equipment, processing, inks and other conditions between your original order and the reorder, a reasonable variation from the original order to the reorder is considered within acceptable industry standards. If the reorder has a color change or a copy change, we reserve the right to submit a proof for your final approval. Reorders should be submitted on a new purchase order and reference the previous order number and date. If a reorder has been placed numerous times, please reference the most recent order placed. Providing this information will assist us in locating your previous order and enable us to process the order more quickly and ensure we have the correct art for the reorder.

**32. Returns:** Merchandise cannot be returned for any reason without written factory authorization. Any merchandise that is returned without written authorization will not be accepted.

**33. Shipping:** All goods are shipped by motor freight or individual package carriers, depending on the destination and the weight of shipment; F.O.B. Western, Pennsylvania. Bulk Parcel Post shipments cannot be made due to the nature and weight of the product. Title to the goods passes to the buyer at the F.O.B. point. We reserve the right to ship any order by the method we determine as the most efficient manner. Please see paragraph #16. Our policy is to schedule your ship date when we have the complete shipping information. If the shipping instructions state "will be advised", we cannot establish a ship date or commence production until we are advised.

**34. Special Packaging:** Mailers are available for most items. If they are not shown with the item in the catalog, contact the factory for price and availability. All mailer pricing includes insertion of the product(s) into mailers, unless otherwise specified. Unless otherwise specified, requested mailers or gift boxes will be packed in master (outer) cartons at \$7.70(g) per master carton.

**35. Speculative Samples:** Speculative samples are available at \$60.00(g) per color, plus normal art and screen charges. This charge is refundable if an order results with no alterations to the original copy. Our policy is to issue a speculative product sample for your approval prior to production for most orders over 500 pieces. We reserve the right to render a proof on any order. Waiving approval of the speculative sample for the aforementioned conditions to expedite quicker delivery will also waive all your rights to any claims. Normal art and screen charges are still applicable. Any revisions or changes to your original instructions for any speculative samples will incur additional art, screen, and sampling charges, and will revise your scheduled ship date. These charges are non-refundable. Unless otherwise specified, the spec sample will be sent to the distributor. Delays to spec sample approvals may require a change in your scheduled ship dates. Due to the variances in production equipment, processing, inks and other conditions between proofing (sampling) and the actual production run, a reasonable variation from the production sample to the production run is considered within industry standards.

**36. Trademarks:** In the event we are directed by the customer to use any logo, copy, or similar material supplied by any source other than us to produce an order, it is agreed and understood that we shall be acting as the Agent of the customer on the use of such material. The customer, as principal, shall be responsible to comply with all laws regarding copyright, trademark, patent, right of privacy, licensing or similar right of protection, and shall indemnify and save harmless our company, its agent, for any suits, claims or action of any nature for damages, expenses and costs which may arise by reason of using said material in accordance with the customer's direction, all of which shall be considered within the scope of the aforementioned agency relationship. Trademarks and logos shown on products in this catalog are merely depicted to represent the products and our ability to decorate them, but are never meant to imply the decorations were created by this company or that the products with any specific decorations are available to any purchaser, without the consent of the owners of the trademarked or copyrighted art or copy. Trademarks and logos shown do not imply endorsement of our products by their owners.

**37. Wraparounds/Two Sided Imprints:** Wraparound or second side imprints must be requested. Wraparound or second side imprints are available at no extra charge on most items if the same color imprint is used. Due to the nature and shape of some items, the second side imprint is charged as an additional color and screen charge. Wraparounds are not recommended on glass handled items as there is a seam opposite the handle that may interfere with the imprinting.
